SUMMARY

Data-driven marketing professional with experience in digital marketing analytics, customer segmentation, conversion funnel analysis, and campaign performance reporting. Currently pursuing an M.S. in Data Science in Health at UCLA (GPA 4.0), bringing a strong analytical foundation to marketing strategy. Adept at translating data insights into growth initiatives and content strategies. Proficient in Google Analytics, Tableau, Python, R, and SQL.

EDUCATION

M.S. Data Science in Health | University of California, Los Angeles (UCLA) *Sep 2025 – Jun 2027*
GPA: 4.0/4.0 | Los Angeles, CA | Relevant Coursework: Statistical Modeling, Data Visualization, Machine Learning

B.A. Business Administration (English Track) | Shenzhen University *Sep 2021 – Jun 2025*
GPA: 3.94/4.0 | Major Rank: #1 | Shenzhen, China | Academic Star Scholarship (2022–2024)

MARKETING ANALYTICS & BUSINESS ANALYSIS EXPERIENCE

Marketing Data Analyst Intern | Shenzhen Jinfuzi Network Technology Co., Ltd. *Apr 2024 – Sep 2024*

- Built customer segmentation models (Python, SQL) on 500K+ user records to identify high-value cohorts; findings directly shaped targeting strategy for digital campaigns.
- Designed automated KPI dashboards (Excel, Tableau) tracking traffic, engagement, conversion rate, and campaign ROI — eliminating 15+ hours/week of manual reporting (75% reduction).
- Conducted A/B testing and multi-step conversion funnel analysis; recommended content optimizations that increased lead conversion rate by 40%, reported to the senior marketing team.
- Delivered weekly business analysis reports synthesizing campaign performance, customer behavior trends, and growth metrics to inform go-to-market strategy adjustments.

Overseas Marketing Intern | Shenzhen RWD Life Technology Co., Ltd. *Jul 2023 – Sep 2023*

- Supported international marketing operations and managed cross-cultural communications with 15+ overseas clients; contributed to B2B customer acquisition strategy for overseas expansion.
- Analyzed sales operations and customer workflows to identify process bottlenecks, contributing requirements to the operations team, and improving order processing efficiency by 20%.

PROJECTS & LEADERSHIP

Chairperson | International Students Entrepreneurship & Employment Union *Feb 2024 – Jun 2025*

- Led digital content marketing campaigns (articles, social media, video), producing 10+ pieces of content per cycle to drive awareness of career development programs across campus channels.
- Designed and executed a QR-based mobile survey campaign, collecting 700+ responses; analyzed data to identify student needs and develop targeted, data-driven engagement initiatives; Launched a Peer Buddy Program.
- Led and mentored a 20+ person student marketing team, managing content calendars, campaign timelines, and performance evaluation using engagement metrics.

Head of Commercialization | AI-Based Tuberculosis Detection Startup *May 2022 – Oct 2023*

- Conducted healthcare market analysis and competitive research to develop customer segmentation and go-to-market strategy for an AI-powered medical diagnostic product.
- Visualized adoption trend data in R and Tableau to support partnership outreach; defined product positioning and value propositions presented to institutional stakeholders.

Project Leader — Market Research | One-Drop Sustainable Start-Up Project *Sep 2022 – Dec 2023*

- Designed and executed mixed-method market research (surveys N=200+, stakeholder interviews) to assess demand and competitive landscape for a sustainable food redistribution model.
- Synthesized insights into a refined business plan; campus brand events recruited ~25 members/month and projected overstock reduction of ¥100,000/year.
